

# Technical Difficulties

## 2cellos

About 700 days and ways  
inside this changing  
mind is failing  
twisiting turning  
eyes are burning  
and nothings workingare we failing?  
talking cheaply  
deepen feelings  
no one's thinking  
solving problems.  
intervening  
nothing is workingare we failing?  
talking cheaply  
deepen feelings  
no one's thinking  
solving problems.  
intervening  
nothing is workingwe are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficultiesplease stand bywe are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficultiesnothings working  
please stand byAbout 700 days and ways  
inside this changing  
mind is failing  
twisiting turning  
eyes are burning  
and nothings workingare we failing?  
talking cheaply  
deepen feelings  
no one's thinking  
solving problems.  
intervening

nothing is working nothings working eyes are burning  
nothings working we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties please stand by we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties nothings working  
please stand by introspection  
leads to rejection  
foolish draining sound of laughter  
confusion is our silent partner  
and nothings working introspection  
leads to rejection  
foolish draining sound of laughter  
confusion is our silent partner  
and nothings working we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties please stand by we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties nothings working  
please stand by we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties  
we are  
experiencing technical difficulties goodbye.
