

# Top Shotter (feat. Sean Paul & Mr. Vegas)

DMX

[Chorus: DMX]

Here comes the boom [Repeat: x8] Here comes the boom! Boomin', bouncin'

Stalkin', must walk in, hawk get to pouncin'  
Get em where it counts and, hit em like a mountain  
Spit em have em spittin' out, blood like a fountain  
Don't look at me like that, we just might fight black  
And that fight, might end up in me takin' your life back  
I don't, go for the bullshit, cause I've been down  
And time is, just too important to be fuckin' around  
Talk nigga, I stomp a mud hole in your face  
Motherfucker, rip your butt hole out of place  
Cock the glock to your head, let off about two in it  
Yeah it's a dirty job, but I just love doin' in [Chorus] [Mr. Vegas]
