Maybe Next Time

Face to Face

Did you hear that?
It sounds like I'm losing my faith
Did you feel that?
It feels like I'm so far awayBut if I knew what I know now
This wouldn't be so wrong
Now I'm back to where I started fromAnd if I was sure then I'd be right
But I guess I've lost this fight
Wait until the next timeI can feel it
It feels like my luck's going to change
I can see it
It seems like this time it's ok
