

# Fashionista (Bailey's Electro House)

[Jimmy James](#)

Everybody line up  
The show is about to start  
Places, the show is about to start  
You have to show a look  
Have a look, or give a look  
Faces, beautiful  
No one ugly allowed  
Are you ready? Here we go  
Fashion is the art, designers are the gods  
Models play the part of angels in the dark  
Which one of you would ever dare to go against  
That beauty is a trade and everyone is paid  
Fashionista, how do you look?  
Fashionista, how do you look?  
New York, London, Paris, Milan  
Tokyo, I think it's in Japan  
Asia, Malaysia, Las Vegas to play  
LA, if you pay my way  
Fashionista, how do you look?  
Fashionista, how do you look?  
Fashionista, how do you look?  
Who you wearing?  
Sean John, Calvin Klein  
Donna Karan's fashion line  
Valentino, YSL  
Ferragamo and Chanel  
Holsten, Gucci, Fiorucci  
Don't forget my Pucci  
Fendi and Armani  
God, I miss Gianni  
Kenneth Cole, Michael Korrs  
Mr. Ford I can't afford  
D&G and BCBG  
Looking good is never easy  
Alexander Perkovich  
Naomi Campbell such a bitch  
I wanna be Delgada  
To fit into my Prada  
Oscar de la Renta, Louis Vuitton  
Imitation of Christ, beauty has a price  
Fashionista, how do you look?  
Fashionista, how do you look?  
Fashionista, how do you look?  
Fashionista, how do you look?  
What are you wearing?
