

Some Kinda Wonderful

Sky

I came upon my crossroads yesterday
I met her on a ship just west of Eyeball Bay
We ate fish and we listened to some old time rock n' roll
She said, "You can call me, baby, if you'll let me hold your soul" But it's because she's wonderful
The guys they look her way
She's some kinda big shot Well, she's some kinda wonderful
She makes a mean steak and she's an eyeful
My baby, she's some kinda wonderful to me
She's some kinda wonderful to me Well, she's some kinda wonderful
Forget it snowflake, she is mine
So you just say she's wonderful
And then be on your way
She's some kinda wonderful, you see We bought a little house on Highball way
Great kids, nice home and a brand new Chevrolet
Well, all my neighbors and friends say the wife is a little strange
I know the eyes are freaky and the horns are there to stay But it's because she's wonderful
The guys they look her way
She's some kinda big shot Well, she's some kinda wonderful
She makes a mean steak and she's an eyeful
My baby, she's some kinda wonderful to me
She's some kinda wonderful to me Well, she's some kinda wonderful
Forget it snowflake, she is mine
So you just say she's wonderful
And then be on your way
She's some kinda wonderful, you see Well, she's some kinda wonderful
She makes a mean steak and she's an eyeful
My baby, she's some kinda wonderful to me
She's some kinda wonderful to me Well, she's some kinda wonderful
Forget it snowflake, she is mine
So you just say she's wonderful
And then be on your way
She's some kinda wonderful, you see Well, she's some kinda wonderful
She makes a mean steak and she's an eyeful
My baby, she's some kinda wonderful to me
She's some kinda wonderful to me Well, she's some kinda wonderful
Forget it snowflake, she is mine
So you just say she's wonderful
And then be on your way
She's some kinda wonderful, you see Freaky eyes, yeah
