

# Crosswords

## Split Enz

Bad mouth crosswords, need a muzzle  
I'm down, you're across  
I can't seem to solve this puzzle  
I turn while you toss  
Crosswords puzzle me, it's frightening  
We're still friends but we're still fighting  
Cat and dog, we trade black looks  
C'mon and do your worst  
The war of words demands surrender  
I won't be the first  
Crosswords puzzle me, it's frightening  
We're still friends but we're still fighting  
Crosswords puzzle me, it's frightening  
We're still friends but we're still fighting  
Get an earful, leave you tearful  
Careful who you cross  
We get close when we get angry  
Crosswords still the boss  
Crosswords puzzle me, it's frightening  
We're still friends but we're still fighting  
Crosswords puzzle me, it's frightening  
We're still friends but we're still fighting  
Crosswords, crosswords, smart words  
Smart words won't tease me  
Crosswords, tax man  
No we can't agree, love that third degree  
Crosswords, crosswords, passwords, smart words  
No we can't agree, love that third degree
