Sparks

RÃ¶yksopp

No matter gay or grim,
It's those tiny little sparks
Daily life that makes me
Forget my wounded heart

It doesn't matter when,
It may rain or it may shine
Blurry memories of us
Come back from time to time

No matter gay or grim,
It's those tiny little sparks
Daily life that makes me
Forget my sulky heart

It doesn't matter when,
It may rain or it may shine
But you will always be here
Stored inside my mind

Come, I'll give you all my love
Suck some air
Tell me what I'm dreaming of
Oh, whoa, oh....

Maybe within a thousand years
You'll be here
Maybe within a thousand tears
Oh, whoa, oh.....

Can I be so alone?
Can I be so alone?
