

# Dreams

## Kingspade

One day when Im older  
Yeah when I grow up[Ey yall]Just a young buck growing up living fast  
18 years old know it all on the gas  
Big dreams of being a superstar  
Having nice things and  
A pocket full of cash  
Basketball, baseball, rapper, an actor whatever  
Whatevers gunna make my life better if it last  
Big house, nice cars, nice brawl  
You know every kids dream as so it seems  
I mean come on now people all around doing big things  
Best friends getting rich  
Neighbors turn athletes, clothing companies, million dollar factories  
Actually everybody say it with me  
If you really want to be you could be what you wanna be  
Thats the life if it just gets tight  
Work hard and you could be a role model  
Lets do it[Chorus]  
One day when Im older  
[Imma buy a thousand houses and drive a thousand cars]  
Yeah when I grow up  
[Imma play point guard for the NBA]  
One day when Im older  
[Imma fly a airplane and go around the world]  
Yeah when I grow up  
Yeah youll see every kid has a dreamWhen I was just a young buck in the single digits  
I had too many thoughts on life and how to live it  
So many dreams and different things I wanted to be  
But thats what youll be young and freedom of dream  
I remember I wanted to be a fireman  
So I can help people out around the sirens  
Next day played football between streets knots  
Next day wake up imam be your next doc  
Cram through the air and hold up the dirt  
Keeping up playing if it didnt even hurt  
Riding home with my knee and elbow making blood  
Know I wanna see moms imam get a lot of love  
Never ever know whats up in national news  
Only thing you worry about is the school lunch menus

Eating all the places and being captain of the team  
First ten years of life is a beautiful thing[Chorus]  
One day when Im older  
[Imma be a superstar so I can make a lot of money]  
Yeah when I grow up  
[Imma player 3d base for the California Angles]  
One day when Im older  
[Imma sail around the world and do my own thing]  
Yeah when I grow up  
Youll see every kid has a dream You see me making moves, and 1, and 2  
3, 4s never no time to sleep  
Ricky and mommy living the dream caught now  
(Kingspade)  
Thats what its gunna be I never know nothin else and  
I never finished school but  
Im smarter then the average bigs and thats boo boo  
Dreams do come true  
A living proof cuz Im making money  
Doing what I love to do  
Dreams come true  
Yeah dreams come true  
Yeah youll see every kid has a dream  
I said dreams come true  
Dreams come true  
Yeah youll see every kid has a dream[Chorus]  
One day when Im older  
[Imma buy a thousand houses and drive a thousand cars]  
Yeah when I grow up  
[Imma play point guard for the NBA]  
One day when Im older  
[Imma fly a airplane and go around the world]  
Yeah when I grow up  
Yeah youll see every kid has a dream  
One day when Im older  
[Imma be a superstar so I can make a lot of money]  
Yeah when I grow up  
[Imma player 3d base for the California Angles]  
One day when Im older  
[Imma sail around the world and do my own thing]  
Yeah when I grow up  
Yeah youll see every kid has a dream
