Call My Name

Rover

You promised everyone you'd never come back
Uprising feelings in a tear
You stroke me hard felf like a stab in the back
Oh my, darling oh myIt used to burn me when the pendulum rung
Could you fake as you talk too loud
To prove her
That nothing's in your heartIf you call my name loud, I'll fly home
Will it feel the same now the fight's done
If you call my name out loud, I'll fly home
Will we feel the same despite
Your magic spell left some ruins on the floor
The graveyard of your souvenirs
The burning matches you used for the stove
All died, oh how they diedAkouchi kouchi as you melt from inside
Could you break every spell we had
Refuse it all
For colors may not lastIf you call my name loud, I'll fly home
Will it feel the same now the fight's done
If you call my name out loud, I'll fly home
Will we feel the same despite the light gone
If you call my name
If you call my nameIf you call my name
If you call my
If you call my
If you call my nameIf you call my
If you call my
