

Acid

Blancmange

Oh No, your acid rain,
Has come to an end,
Oh No, the fun has all gone,
Let's not pretend. Friends saw it coming the story went wrong,
Oh No, acid tongue,
No happy ending the poison swansong,
Oh No, acid tongue. Oh No, you used to be fun,
Not anymore,
Oh No, you used to have wit,
Now you're a bore.
Friends saw it coming the story went wrong,
Oh No, acid tongue,
No happy ending the poison swansong,
Oh No, acid tongue. Your acid tongue is at it again,
Your acid tongue could do no wrong Do me a favour,
Go talk to yourself,
Spew out your bile,
Poison yourself. Oh No, I can't wait to see you,
Oh Yes but I can,
Oh No, I've nothing to do,
An alternate plan.
Friends saw it coming the story went wrong,
Oh No, acid tongue,
No happy ending the poison swansong,
Oh No, acid tongue.
