

# Hell Yeah

Osvaldo Nugroho

They say he is lonely  
They ain't got big homie  
Straight from inter scope  
Not all know me

Only reason he succeeded was reverse in  
Maybe he was . by duck beat .

They say he is lonely  
They ain't got big homie  
Straight from inter scope

Not all know me  
Only reason he succeeded was reverse in  
Maybe he was . by duck beat .stealing my DNA  
. but I don't give a fuck . forever a part of me  
I am gonna have to go on without . highschool  
Hide your IQ average man into a psyche  
You know I got a big homie ?.do it for the team  
It broke my heart . I know who . white is not black  
. you are down for the obvious . knowledge coming up in a ?
