

# Slow Bleed Gorgon - Pleasures Pave Sewers

## Lock Up

Shattered pieces  
Poisoned minds are quick to taste  
Of lesser beings  
Sedated into second place  
Bludgeoning fever  
To get ahead to screw the beast  
Backs left bare  
To scar with tracts of vain release  
Pleasure pave sewers slaves  
Pleasure pave liars snakes  
Pleasure pave sewers slaves  
Pleasure pave master fakes  
Pushed to breaking  
To think and breed and feel the same  
Suppressed by shadows  
Of who and what we shouldn't be  
Twisted lairs  
Debating lives as currency  
Treacherous visions  
Perfecting what should never be  
We fall to our knees  
To crawl before pain's altar  
Choked to our pleas  
To find nothing sacred
