

In the Night

NIM VIND

In the Night it's a gift
In the age of Love
The love of Harlots

You know where this began
And you know the way
You're so Devoted

Too Our new Weapon
That you run from
Our new weapon that's dominating her life
Our weapon that you run from
Our new weapon is all we are

In the night is a gift
Chopping at the end
For love of Harlots

You know where this began
And you know the way
You're so Devoted
