How It Ends

Cheesa

(VERSE)
Last night was lonely
All I did was think about
When you used to hold me, yeah
Replayed your voicemails
Thinking it would bring you back
But it was silly of me to think that(CHORUS)
Is this how it ends?
Do you love her?
Is this how it ends?
Tell me, baby.
Is this how it ends?
Is it over, ooh?(VERSE)
False hopes, daydreaming
Clouds stolen my sanity
Too high on nine, can't reach me
But when it's all over
You disappear without despair
I am no one, you're gone(CHORUS)(BRIDGE)
Say adieu to I do and goodbye to you
This is how it ends
Say adieu to I do and goodbye to you
Goodbye, Goodbye(CHORUS)
