

Jacqueline

The Coral

You left before the rain came down
December was the only sound
All the leaves fell to the ground
When you went away Its a crying shame to see
A kiss become a memory
Now I know just what you mean
When you say Way above, where the north winds blow
We will watch out afar to the valley below
Oh, Jacqueline I know
Oh, Jacqueline I know A pattern of the ways it seems
That's the way it has to be
Now I know just what you mean
When you say Way above, where the north winds blow
We will watch out afar to the valley below
Oh, Jacqueline I know
Oh, Jacqueline I know The coven house where you now go
It stole our love, dont you know
Dont you know? Oh, Jacqueline dont go
Oh, Jacqueline I know
Oh, Jacqueline dont go
Oh, Jacqueline I know
