## **Renaissance Man**

## **Midnight Oil**

Well, I told you about the forest and trees and the chlorophyll green
Yes, I told you the birds will endure flutter wings dance on leaves
Hold onto dreams, hold onto dreams, tonightWell, I told you about the high pressure cell coming down on the breeze

And I sense that the things you can't see they are hard to believe So, hold onto dreams, hold onto dreams, tonightA new world order has been formed Between the cheque book and the dawn

A new renaissance man is bornRenaissance man, are you ready?

Renaissance man, yeah

Renaissance man, are you ready?

See what a world that you can makeWell, I heard about the spirit of life is it flickering still Ooh, I heard that the dark bellied angels come running up the hill Hold onto dreams, hold onto dreams, tonightSmash and grab the women and child

All the souls are growing wild

Stripped so bare well the universeStares it's so close to home

That we got to share with you

So many genuine things surroundYou wild weather man well it still confounds

You cast away the greed and death machine

And bytes and abacus and lights

And hold onto your dreams, tonight

(Hold onto dreams)

Hold onto your dreams, tonightSo you found a hard won friend

To hold your hand and hold your head

A new renaissance to defendHold onto dreams, hold onto dreams, tonight

Hold onto dreams, hold onto dreams, tonight

Hold onto dreams, hold onto dreams, tonightRenaissance man, are you ready?

Renaissance man, yeah

Renaissance man, are you ready?

See what a world that you can make(Renaissance man)

Where are we going to be?

(Renaissance man)

In three thousand thirty three

(Renaissance man)

What's spinning round your brain?

(See what a world that you can make)(Renaissance man)

Are you a renaissance man?

(Renaissance man)

Are you a renaissance woman?

If you jump out an angel will give you wings

## See what a world that you can makeRenaissance man See what a world that you can make
