

# Building A Monster

Skylar Grey

Save your breath  
No need to tell me you're my friend  
I'm not gonna fall for that again.

This human heart  
How many times can it be torn?  
Before a superhero is born

(Chorus)

This angel has lost her wings  
I'm building a monster  
Beneath all the scars you will see  
I'm building a monster

You showed your card  
No one's who they say they are  
And I'm not who you thought I was before  
hhmm...human heart, how many times can it be torn?

Before a superhero is born  
(Chorus)

This angel has lost her wings  
I'm building a monster  
Beneath all the scars you will see  
I'm building a monster
