

Within the Abyss (Remastered)

Calabrese

See, I see the end
You wanna be, just where I stand
I walk through flames, where the damned fall in place
 Oh, baby, so strangeWhoa-oh
 From beyond our time and space
 Whoa-oh
 To destroy the lives of man
Lightning strikes the womb and no child will be born alive
 Whoa-oh
As is in hellWhen you're alone, that's when I'll whisper my venom
 What makes you feel strange, is why we are the same
 Fall toward the Abyss within
