

# Trees

## Twenty One Pilots

I know where you stand,  
    Silent in the trees,  
And thats where i am,  
    Silent in the trees.  
Why wont you speak,  
Where I happen to be?  
    Silent in the trees,  
    Standing cowardly.  
I can feel your breath.  
I can feel my death.  
I want to know you.  
    I want to see.  
I want to say, hello.  
I know where you stand,  
    Silent in the trees,  
And thats where i am,  
    Silent in the trees.  
Why wont you speak,  
Where I happen to be?  
    Silent in the trees,  
    Standing cowardly.  
I can feel your breath.  
I can feel my death.  
I want to know you.  
    I want to see.  
I want to say, hello.
