

# Too Pretty

## Big Dismal

Its obvious what you think about me  
Cause you wont even give me a chance  
I dont mind what you say about me  
When you talk to your friends all the timeWas it something I said to you  
To make you think that I was just a fool?  
Or maybe Youre too pretty  
Youre too pretty for me  
I dont want to let you downYoure too pretty  
Youre too pretty for me  
I dont want to wear that crownOne day youre gonna wish youd given me a chance  
When Im standing on top of the world  
And youre stuck down there in your fantasy  
With all your diamonds and pearlsWas it something I said to you  
To make you think that I was just a fool?  
Or maybe Youre too pretty  
Youre too pretty for me  
I dont want to let you downYoure too pretty  
Youre too pretty for me  
I dont want to wear that crownI never got up the nerve  
To say to you what I wanted to  
If I had a choice you know that I would  
Turn back the hands of time
