## **Goodbye Is Forever**

## **Arcadia**

Sometimes you have no choice Sometimes you've got no voice to say Say if you will the words Say if your world is so grayWe can decide this There'll be no tears, no tragedy Try, I wouldn't break and cry If you walk away and leave meHey, goodbye Goodbye is forever Hey, forever Goodbye is forever and everSometimes it makes no sense This side of cruel coincidence Caught up in our own barbed wire To set us free, believe this Hey, goodbye Goodbye is forever Hey, forever Goodbye is forever and everHey, goodbye Goodbye is forever Hey, forever Goodbye is forever and everHey, goodbye Goodbye is forever Hey, forever Goodbye is forever and ever
