

# 2 Find U

## Jewel

If I asked you a question  
Would you look me in the eyes?  
Has our love been built on lies?  
Well, why I'm asking  
you see, the time is now  
2 turn our backs forever  
Or work this through somehow  
And I want 2 see you  
I want 2 feel new again

[Chorus]  
Hey, you  
Do not walk away  
Let's choose love, come on  
What do you say?  
Hey, you  
Know that I would spend  
My whole life all over again  
2 find you

We've layered hurt on hurt  
I've seen pain cloud your eyes  
But we are bruised, not broken  
Like a phoenix, love will rise  
And do you see me?  
Do you feel new again?

[Chorus]  
Look in my eyes  
Kiss my mouth hard  
Let your conviction  
Reassure my heart  
Promise me now  
I'll promise you, too  
I love you
