

Stoop Down Baby

Popa Chubby

I said stoop down baby
Lay your love down low x2
Got no need for talkin no how
Ain't nowhere to go I said stoop down baby
Give your love to me x2
When you walk that way
It 's clear to say
You make me happy as can be
I said stoop down baby
We got to lay it on the line x2
Cause I'm evil for your lovin
And I love your fat behind
