Permanently

Down to Earth Approach

Don't be sad for us
I can honestly say we're walking on
Don't feel bad for us
In our time we'll see where we belong
Permanently I'm not sorry
We know right where we belong
And I'll be here, waiting in my waiting chair
(Until you realize)
And on my time
With every passing moment I let pass me by
I'm sorry
I'll take back every condescending thing that I've said
Under my breath
Permanently I'm not sorry
We know right where we belong
