

Bedda Man

[Ginuwine](#)

Girl I know all the things that I did to you
It's hard to let go 'cause it hurts
But if I am the one that you want and you love
We've gotta try hard to make this work, like this
Girl at times when I thought
It was done you would call and gone forever out the door
My life was done and out in the cold
And then things I won't do no more, oh no I won't I know it's getting old but don't give up on me
I wanna be a bedda man
Don't live in the past, we gotta move ahead
I'm trying to be a bedda man
If this is what you really want
Then act like this is what you want
Try and make it work, don't give up on us
'Cause I am a bedda man Now you forgave all the things that I did to you
So why you always bringing up the past
I know what I did was wrong and so cold
But doing that won't make us last
Now's the time for us both to move on look ahead
And base everything on right now
'Cause if we don't move on and start all over
We might as well end it all now, I'm telling you I know it's getting old but don't give up on me
I wanna be a bedda man
Don't live in the past, we gotta move ahead
I'm trying to be a bedda man
If this is what you really want
Then act like this is what you want
Try and make it work, don't give up on us
'Cause I am a bedda man Why you pushing it, testing it, babe?
Why you pushing it, testing it, babe?
Why you trying it, doggin' it babe?
You can trust in it promise you, babe
I love you, can't you see, babe?
Please don't give up on me, babe
I am a different man, babe
Your love has changed this man, babe
Why you dogging me? I know it's getting old but don't give up on me
I wanna be a bedda man
Don't live in the past, we gotta move ahead

I'm trying to be a bedda man
If this is what you really want
Then act like this is what you want
Try and make it work, don't give up on us
'Cause I am a bedda man I know it's getting old but don't give up on me
I wanna be a bedda man
Don't live in the past, we gotta move ahead
I'm trying to be a bedda man
If this is what you really want
Then act like this is what you want
Try and make it work, don't give up on us
'Cause I am a bedda man I'm tryin' to become bedda man
Tryin' to be, wanting to be, needed to be
