

# Walkin' 'round In A Circle

Jessica Simpson

Life is a sponge ball  
Thrown with the wild dawn  
And if I'm gonna swing then  
I must get motivated  
Instead of lyin' in my bed  
I'm like a train bed  
Truckin' down a fast hill  
Heartbreak is overrated  
If I'm drying the tears now  
I can get a head-start out the door  
I never loved the sun until it rained  
I'll never get anywhere if I stay  
In the same place always afraid of  
Gonna just get stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get of here  
'Cause I'm tired of the motions  
I'm in blue, no more  
Walkin' 'round in a circle  
Deja vu no more  
Walkin' 'round in a circle  
Being attendant  
Is never the one trick  
I ever woulda messed up  
One quirk and get your focus  
'Cause the start of the circle  
Is also the ending  
One door has to close  
Before the next can open  
Gotta come and live with  
New life is a give in, once we go  
I never loved the sun until it rained  
I'll never get anywhere if I stay  
In the same place always afraid of  
And just get stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get out of here  
'Cause I'm tired of the motions  
I'm in blue, no more

Walkin' 'round in a circle  
Deja vu no more  
Walkin' 'round in a circle  
How can I be my best if I never fail?  
And how can I ever find peace if I never yell?  
I gotta be stronger, I can't let the wind blow  
Me on a cold night, I'll follow the skylight  
Yeah, I am no longer  
And just get stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get out here  
'Cause I'm tired of the motions  
I'm in blue, no more  
Walkin' 'round in a circle  
Deja vu no more  
Walkin' 'round in a circle  
Walkin' round in a circle
