

# Fueled

## Displacer

I'm out to mix it up and change my complexion

To coat the feelings and cure my depression

A shot of petrol is my bonafide method

To lose control and get thoroughly distractedI'm on the money, here I come

Fuel for my engine and I'm goneI like to forget why I feel this compulsive

As I toss tomorrow's dreams in the garbage

What's important is a mind that's sicker

Turning Jekyll into Hide much quickerI'm on the money, here I come

Fuel for my engine and I'm gone1, 2, 3, 4, 1, 2, 3, 4

Kick start and turn me over

Punch drunk but I'm still sober

Fourteen years and a whole lot bolderAnd I don't flinch

Hungry and I'll take the best

'Cause I never wanted anything less

What doesn't kill me makes me strongerIt's like a war inside me, I'm good, I'm evil

Two sides of the coin and I've been blessed with both

On one hand I am you but I don't like you

I guess that's the nature of the way things workI'm on the money, here I come

Fuel for my engine and I'm gone1, 2, 3, 4, 1, 2, 3, 4

Kick start and turn me over

Punch drunk but I'm still sober

Bukowski's on my shoulder

With much to think, hungry and I'll take the best'Cause I never wanted anything less

What doesn't kill makes me stronger

It's like a war inside me, action is all I know

Tell me it's suicide, tell me something I don't knowI don't know why I've been made some kind of hero

When I've done all I can do to prove I'm not

It's amazing to think someone could trust me

Tell me what do you know about me really?And I you make the mistake of getting close to

Me, you'll just give me all that you've got

So I don't know why I've been made some kind of hero

When I've done all I can do to prove I'm not1, 2, 3, 4, 1, 2, 3, 4

Kick start and turn me over

Punch drunk, but I'm still sober

Fourteen years and a whole lot bolderAnd I don't flinch

Hungry and I'll take the best

'Cause I never wanted anything less

What doesn't kill me makes me stronger1, 2, 3, 4, 1

I can't close this broken door

It's just the nature of the way things work  
You wanna be me, I don't give a damn Anyone can do it but it takes a man not to  
Try so hard to give me a real life  
Anyone can do it but it takes a man not to  
It's just the nature of the way things work
