

Take It So Hard

[Keith Richards](#)

Giving up lovin' - easy to do
People so pityful
They never come through
Honey, honey, honey I ain't that way You want a little bit - once in a while
Come on and get a bit You shouldn't take it so hard - Yeah
You shouldn't take it
You shouldn't take it so hard - Yeah Take a look around you - Tell me, what do you see
People with little bits
Try, tryin' to smile
Most of what you've gotten is free - Yeah You shouldn't take it so hard - Yeah
You shouldn't take it
You shouldn't take it so hard - Yeah Yank it up baby
Or get yourself a new name
You want a little bit once in a while
Yeah you got a taste for it You shouldn't take it so hard - Yeah
You shouldn't take it
You shouldn't take it so hard - Yeah
