

See Me In Your Eyes

38 Special

I've been walkin' all night thinkin' of you
The other lovers and all we've been through
We're just too much alike but we're two worlds apart
I try to hide it but you still got my heart And I can't dream without you
Baby, can we give it just one more try? I wanna see me in your eyes tonight
I wanna talk it over and hear you tell me it's alright
Shine reflections through the early morning light
Girl, I wanna see me in your eyes tonight Well, I saw you today with some other man
You're still pretending, it's all I can stand
Pictures of you with somebody else
It keeps me wonderin' when I'm by myself And I can't dream without you
Baby, can we give it just one more try? I wanna see me in your eyes tonight
I wanna talk it over and hear you tell me it's alright
Shine reflections through the early morning light
Girl, I wanna see me in your eyes tonight It's not like it's the first time
It might not be the last
You told me once that it's all over
Still I keep on running back It's not like it's the first time
It might not be the last
You told me once that it's all over
Still I keep on running back I wanna see me in your eyes tonight
I wanna talk it over and hear you tell me it's alright
Shine reflections through the early morning light I wanna see me in your eyes tonight
I wanna hold you closer and tell you every thing's alright
Shine reflections through the early morning light
Girl, I wanna see me in your eyes tonight, in your eyes tonight
