

# The Perfect Parts

## Shakey Graves

Well this city's put me through the wash  
Mhmmm, I've been living here for you  
Well I used to take my women on the rocks  
Yeah, they used to wear out my ballroom shoes Well you know that I bought you many drinks  
Oh I found hope on your machine  
Well you didn't answer my request  
You left my whole world on your string Well that's your thing  
Well I see the words left on the screen  
Yeah, you know they're bursting just for me  
Well you know that I've known you since we were three  
Oh, we fell in love at seventeen  
Well so I say, what did I learn, what did I learn?  
I said, oh you learned me the heart  
Well your lies will burn in alcohol  
To sterilize the perfect parts Well at least that's a start
