I'll Find a Way (feat. Ty Reynolds)

Royal Rizow

Yeah, yeah, yeah
When i woke up this morning, fresh from a dream
Took a shower, get dressed up fresh on the scene
Money on my mind cuz i want nice things
I continue my growth on to defer my dreams

To saw my man on scene
He made it too far, Cuz all u ever judge is a price of a car
And what i get to spend, What i drink at the bar
And the jewels on my wrist, That you can see so far

So i ain't no tripping, Never got laid up
Just like back seat, Gotta keep my head up
My mind seizes try not to get fed up
Gotta go hard, i gotta go harder
A little for some cash man, All we can buy up
Now i see is just a decoy of my model
I wanna live life just as a
Be a great father
And do it all i give to someone who says me father

So i ain't time for your negative influences
Get outta my face man i ain't gonna approve it
Mind on my money so i gotta keep it movin'
Half on a way so how does he do it

I'll find a way to make a way to better day
(There's no need to worry)
I'll fly a way (i'll find a way)
I'll fly away (i'll find a way)

And look do they know, i was on my way
So stress on my mind gotta live for today
Down on my knees, cuz to lord i pray
Stay chasing my dreams just little better day
Aye aye
No loud man sounds like i wanna give up
But as long as i'm trying i never gonna give up
Straight to the top is left among to live up
Oh my crap, this is just like a mirror

And if u cant see then u never gonna get it
Dressed to impress so u gotta say fit it
Look in my eyes and tell them that they need to quit it
If ain't at the same page then we cant roll in it
Not a soul in this world man, can tell me different
I play with persistence, train to go to distant
Give it all u got man and never look back
I was born a great man and that's a known fact

I'll find a way to make a way to better day (there's no need to worry)
I'll fly away (i'll find a way)
I'll fly away (i'll find a way)

I turn a place a today
Blue sky's no longer grey
A little breeze under moving that meet at the gunner
So i can fly away (say yeah)
Call back to the nest, no mom
Spread my wings to the top where i'll go
Accessing our word this is all i know
Half on the way so we i'll just

I'll find a way to make a way to better day (there's no need to worry)
I'll fly away (i'll find a way)
I'll fly away (i'll find a way)
Oh, oh, ooh. hey heyyy
