

All I Ask

Crowded House

All I ask
Is to live each moment
Free from the last
Take the road forgotten
Don't leave me here
Oh, please let me stray
Far from familiar things All I ask
Is to live each moment
All I ask
Is to live each moment
Free from the last Strange roads
Going nowhere
Going nowhere (in particular) All I ask
Is to live each moment
All I ask
Is to live, live each moment
Free from the last
Free from the last
All I ask
