

California Songs (live)

Local H

Well I got your late night call
You're in the center of it all
You're havin a ball and your really doin fine
A west coast time and I believe you But heres one for the coast the people with the most
The pretty, pretty folks the west coast folks
Yeah heres one for the coast and the people with the most
The pretty, pretty folks the west coast folks And here we go again, its never gonna end
Were all so sick of California songs
Yeah we know you love L.A. theres nothing left to say
Please no more California songs
And fuck New York too Yeah your heaven is a lie
Just more shit that I dont buy
Well they're headin for the coast
Theyre movin out in droves Sendin back reports on the radio
The message is the same
Its getting pretty lame
California dreamins on the radio And here we go again its never gonna end
Were all so sick of California songs
Yeah we know you love L.A. theres nothing left to say
Please no more California songs And here we go again its never gonna end
Were all so sick of California songs
Yeah we know you love L.A. but theres nothing left to say
Please no more California songs
And fuck New York too Alright, alright, alright, alright, alright, alright
Alright, alright, alright, alright, alright Heres one for the coast, yeah And here we go again its never gonna end
Were all so sick of California songs
Yeah we know you love L.A. theres nothing left to say
Please no more California songs And here we go again its never gonna end
Were all so sick of California songs
Yeah we know you love L.A. theres nothing left to say
Please no more California songs, please no more California songs
Please no more California songs, please no more California songs
Please no more California songs and fuck New York too
