

Pause Repeat

Django Django

Cut out the page with the ending
Always wanna go on, there's nothing beyond
The ends of the earth that surrounds us
Drifting closer
Your lips read the word you've been saying for years
When play after day like 100 before
Constant reminder, heaven sold out
Now it won't take anymore Watch me feel every day every scene
It's a long time since we first began
The start of the thought that we both agreed on
Let's begin and watch repeat every line in between
It's a long time since we first began
The start of the end it's upon us
And now it's beginning again Flammable balls that surround us
Never knew what we'd find hidden behind
Valleys of jewels of the landscape
Painting ruins
Step off the page walk away when you're done
The spotlight fading off the life we begun
Constant reminder, heaven sold out
Now it won't take anymore Watch me feel every day every scene
It's a long time since we first began
The start of the thought that we both agreed on
Let's begin and watch repeat every line in between
It's a long time since we first began
The start of the end it's upon us
And now it's beginning again
