Carry On (Jack Blades, Kelly Keagy)

Night Ranger

I hear a voice inside my head
I don't want to hear it again
See your face inside my head
I don't want to see it againYou say that love is everything
We made it that's for sure
Yet the key to my undoing
Is a knock upon your doorThere you sit inside my head
I don't want to see you again
Hanging out, knocking me dead
I don't want to feel it againYou say that love is everything
I bought it that's for sure
Still the key to my undoing
Is the knock upon your doorI'm the one to carry on
I'll be here to carry on
When your world is falling down
I'll be beside you right or wrongI'm the one to carry on
I'll be here to carry on
I'll be running down the road beside you
The one to carry onNow there's trouble and a new romance
I don't want to hear it again
Running short on a second chance
Don't want to hear it againYou say that love is everything
We've been there that's for sure
Now you're living out the questions
I thought I answered years beforeI'm the one to carry on
I'll be here to carry on
When your world is falling down
I'll be beside you right or wrongI'm the one to carry on
I'll be here to carry on
I'll be running down the road beside you
The one to carry onI hear your voice inside my head
I don't want to hear it again
Hanging out knocking me dead
I don't want to feel it againI'm the one to carry on
I'll be here to carry on
When your world is falling down
I'll be beside you right or wrongI'm the one to carry on
I'll be here to carry on
I'll be running down the road beside you

The one to carry onI'm the one to carry on
I'll be here to carry on
When your world is falling down
I'll be beside you right or wrongI'm the one to carry on
I'll be here to carry on
I'll be running down the road beside you
The one to carry on
