

Sparks (Danny Mart & Carlos Gomix Remix)

[Hilary Duff](#)

I can't hear a single word
Just know you're talking
'Cause your lips keep moving
Everything I thought I learned
Goes out the window
All I want is one thing You can promise castles, treasures, babies
I don't care
'Cause for now you're just enough for me
I want you near
Like a fairytale to feel your breath right on my neck
You remember what I love so baby take me back Turn the lights down low and kiss me in the dark
'Cause when you're touching me baby I see sparks
You make my heart go
You
You, you make my heart go
You
You, you make my heart go Ticking tocking like a bomb
Throws me back when I had you closer
Skin to skin we get it on
Without the love I feel you going bolder You can promise castles, treasures, babies
I don't care
'Cause for now you're just enough for me
I want you near
Like a fairytale to feel your breath right on my neck
You remember what I love so baby take me back Turn the lights down low and kiss me in the dark
'Cause when you're touching me baby I see sparks
You make my heart go
You
You, you make my heart go
You
You, you make my heart go Take it all off
Want every inch of you
Traveling back in time
Tangled uptight
Just like we used to
Now do that thing I like Turn the lights down low and kiss me in the dark
'Cause when you're touching me baby I see sparks
You make my heart go
You

You, you make my heart go

You

You, you make my heart go
