

# Cross My Heart (DJ Fresh Raw Mix)

[Skepta](#)

Strobe lights flashing in my eyes  
Living for this moment, now I realize  
I'll never tell a lie lie lie  
I'll never let em in, I leave em on the outside  
I promise you, I promise you, yeah  
I promise you, I promise you, yeah  
I promise you, I promise you  
Cross my heart until the day I die I've been around the world and back  
Screaming more money more paper  
Been doing it major  
Even Walkers ain't go this much flavor  
They say I'm superbad like Mclovin  
Now man are calling me family all of a sudden  
And I'm like mum how come you never told me that I had all these cousins  
This corner I'm standing in never felt claustrophobic when I came here 10 minutes ago  
Now my backs against the wall  
It's a good job I'm tall  
So I can always see clear  
Even with all the smoke in the air  
I know some are standing here cause of loving fame  
But some of them are here out of fear Strobe lights flashing in my eyes  
Living for this moment, now I realize  
I'll never tell a lie lie lie  
I'll never let em in, I leave em on the outside  
I promise you, I promise you, yeah  
I promise you, I promise you, yeah  
I promise you, I promise you  
Cross my heart until the day I die It's time to go straight back to the top with them  
They tried to stop me but I'm doing it again  
And all my real friends know I'ma still keep it 10 multiplied by 10  
Forgive me if I've been acting a little strange  
I never ever knew that one song could make my whole life change  
Last week I boarded six planes  
But I can't complain this is the moment I've been waiting for  
Picked myself off the floor and now I get a warm welcome when I walked in the door  
I'm with Boy Better Know let em all in  
But there's a flip side to all things  
So before you sign yourself up to the high life  
Make sure you read the small print

Please, listen to me when I'm talking  
The guy you're looking at right now is the guy I was this morning  
I never had a pen but I made a mark  
Even when I top the chart I'll be the same guy that I was at the start  
I hope to die I cross my heart
