

Death by the Hammer

Manilla Road

Through frost and fire
The Vikings came
Dealers of death
In Odin's name Barbaric lust
Born of the soul
One way to crush
All of thy foes Death By The Hammer God Of Thunder
Thor be thy name
Son of Odin
Breaker of chains Valkyries fly
The Hammer falls
On every plane
Ragnarok calls Death By The Hammer Valhalla's fires
Burn through the night
Einherjer
Storm to the fight The funeral pyres
In Nifleheim
The Demon's lair
Ichor burns bright Death By The Hammer
