Before We Fall

Asobi Seksu

Im so sorry dear
I cant control myself
The curtains shaking and so are you and II am waiting for
For a time when I can
Picture this as
As it should be
AlwaysBefore our great fall
Before we fall
Before our great fall
Before we fallIm so nervous dear
I cant believe myself
I cant believe what comes after you and IGuns of inference
Theres so much in this world
I cant care anymore about him or you and IBefore our great fall
Before we fall
Before our great fall
Before we fall
