Shine Moon Blue

Chad Updegraff

Watched you shake me loose
Tried to take it like a man
This God Damn hotel room
Is about all i can stand
You arent in my arms
Dont really know what I woukd do if you knew
Somebody curaed all these stars
Shine.....mooon blue

You always said I had a silver tounge
But it would be cut out and sold by the ounce
Where You gonna hide ...
when all your cliches run out
Run out

Thank your lucky stars
That I'm up here on the moon
I'll be shining on down
Yeah I'm gonna Shine down on you
Down on you
Moon moon moon moonblue
