

Shine

Hilary Duff

Everyone knows that I'm ten feet under
Till you come along and brighten my day
Everyone knows that you kill the thunder
The roaring in my brain, it's given me the strength
To see right through the haze Shine, come on and let it shine
Light me up make me feel alive
You've got what it takes
Shine and only you know how
To lift my spirit off the ground
And chase those clouds away, shine on me today When everything's wrong, I just pick the phone up
The sound of your voice, well, it fills my eyes
With tears of joy, 'cause I know you'll be there
When I'm hanging by a thread
You're my heaven sent Shine, come on and let it shine
Light me up, make me feel alive
You've got what it takes
Shine and only you know how
To lift my spirit off the ground
And chase those clouds away Oh, you have this way of making me feel like I can fly
You're underneath my wings so I won't free fall out of the sky
You're always there to save me, you know you'll save me Shine, come on and let it shine
Light me up, make me feel alive
You've got what it takes
Shine and only you know how
To lift my spirit off the ground
And chase those clouds away Come on and shine
Shine
Shine on me
Shine on me
Shine on me today
Shine on me today Everyone knows that I'm ten feet under
Till you come along and brighten my world
