Strange

Crisix

A strange commotion and a clear devotion to kill
A subconscious feeling against my own will
Where am I? When am I? Why am I playing with fire?
This must be a place for weird desiresPre-Distortion of reality
Nightmare
This nightmare should not be
Distortion
Lost in a dream
The end of sanity
Fuck!
It's a trip through the wall of sleep
Cursed and lost
Lost beyond the strange
Cursed x4
Living malediction, Cursed down below
Lost x4
in a trance that creates a...Strange commotion and a clear devotion to kill
Screams on the other side, please set me free
Through the mouth of madness and beyond
I can see the point of no returnPre-Distortion of reality
Nightmare
This nightmare should not be
Fuck!Strange World!I can feel the menace
A figure in black before me
that's just the son of my tainted mind
Just another fear
Watching me with a thousand eyesDistortion
Lost in a dream
The end of sanity
Welcome to a...Strange commotion and a clear devotion to kill
A subconscious feeling against my own will
Where am I? When am I? Now I'm playing with fire
This must be a place for weird desires
