Larger Than Life

A Telemetry

do you think there's more
something hiding - unknown
what's behind the door
can the truth ever be shown

it's on you now
the thought of deception
clouds all direction
inside your head
the feast of lies are fed

larger than life
a universal ceiling
larger than life
the prophetic meaning

have you heard enough
in false promises - let down
set forth to control
master puts the ropes around

it's on you now
the drain of frustration
fuels isolation
inside your head
the blood boils to the edge

larger than life
a universal ceiling
larger than life
the prophetic meaning

in this word of discontent
ignore all sacrament

are you standing tall
against fearing - the toll
enough with this show
elite take the larger bowl

larger than life
a universal ceiling
larger than life
the prophetic meaning
