Saturation

Pestilence

Flooded with the energy
of a thousand souls,
chaos merging with the timeless,
the all knowing controls,
the infestation of the heartless,
combines the burden of the eternal soul.The blackened entities merge with the already fallen,
as the catastrophic scenario unfolds.Hopelessly trapped inside
the multiple sphere,
all reincarnations are now one,
become multiple,
being in transition,
full of fear
The blackened entities merge with the already fallen,
as the catastrophic scenario unfolds.Saturation
The never ending stream of the sick,
drenched and saturated with hate,
overshadows natural transitions,
fucking up the holy contribute.
