My Family

Smog

Mother's smoking pot
In the bathroom
I can hear her butt
Squeaking on the tub
As the water grows cold
Around her legs
And father
Is in the study
Watching a vague
Lesbian scene
Don't go in
He gets to me
Planting foot prints
Where I hope
I'll never be
Da da da da da
And sister phones to say
She isn't coming home
She says she'll write to me
But I know
She won't write to me
Da da da da da
