

# My Family

## Smog

Mother's smoking pot  
In the bathroom  
I can hear her butt  
Squeaking on the tub  
As the water grows cold  
Around her legs  
And father  
Is in the study  
Watching a vague  
Lesbian scene  
Don't go in  
He gets to me  
Planting foot prints  
Where I hope  
I'll never be  
Da da da da da  
And sister phones to say  
She isn't coming home  
She says she'll write to me  
But I know  
She won't write to me  
Da da da da da
