

# Joy of the Lord

## YFriday

Sing my soul, my heart rejoice  
Come marvel at God's saving grace  
Love explosion fill my being  
Breaking out in glorious praise  
For the glory of His name!

The joy of the Lord  
The joy of the Lord is in me  
So deep in me  
The joy of the Lord  
My strength shall be  
The joy of the Lord  
The joy of the Lord within me  
You've birthed in me  
The joy of the Lord  
My song shall be  
Jesus!

When the darkness feeds oppression  
When we're broken, suffering weak  
In our lives, Your power perfected  
Jesus Christ, our victory  
For the glory of Your name

We're abandoned to our King  
We're abandoned to our King  
We're abandoned to our King  
With joy
