

Fall Dog Bombs The Moon

David Bowie

- Lyrics and music by David Bowie
Hope little girl

Come blow me away

I don't care much

I will anyway

Just a dog

I'm Goddamn rich

I'm exploding mad

When I talk in the night

It's all in my hands

What a dog
Fall Dog is good and smart

Smart time breaks the heart

Fall Dog bombs the moon

Devil in the market place

Devil in your bleeding face

Fall Dog bombs the moon

What a dog

There's always a moron

Someone to hate

A corporate tire

A wig in the date

Just a dog
These blackest of years

That have no sound

No shape, no depth

No underground

What a dog
Fall Dog is good and smart

Smart time breaks the heart

Fall Dog bombs the moon

The Devil in the market place

The Devil in your bleeding face

Fall Dog bombs the moon

What a dog
