

# Lost In Space

## Low Budget Affiliates

Another star  
Has fallen without sound  
Another spark  
Has burned out in the cold  
Another door  
To barrens standing open  
And who is there  
To tell me not to give and not to go?  
How could I know? How could I know  
That I'll get lost in space to roam forever?  
How could I know? How could I see?  
Feeling like lost in space to roam forever  
I'm crawling down  
The doorway to the badlands  
And kicking down  
Are you heard: it's to the black  
And all the damage

Fading in the rear-view mirror  
When the demons  
Are calling me, they're dragging me away  
How could I know? How could I know  
That I'll get lost in space to roam forever?  
How could I know? How could I see?  
Feeling like lost in space to roam forever  
Lost in space.  
Lost in time.  
Lost in space.  
Lost in Time.  
Lost in Space.  
How could I know? How could I know?  
How could I know? How could I know  
That I'll get lost in space to roam for ever?  
How could I now? How could I see  
feeling like lost in space to roam forever?  
Forever...
