Botnus (feat. Efrem Schulz)

Buckethead & Friends

Run, Run, Run...Blast, Blast across your face
Deep cuts will open new space
As I fight, there's no way around
All the truth, the story never toldAs we fight
Will you get us
Inside of the serenityNo loss, but ends without a lie
A new level, a reign of tolerance
A thrill ride you'll never wanna leave
Hold your breath it's your choice to look inside
The sign of doom, just when it's time to leave
Direct action, along with apathy
No other drug, but I love everyone
Mountains from molehills, crushing foundation
The lies are true, but f**k everything you've heard
My life hinges on every single word
I've got one last request before I leave
Kill me softly - Tear me limb from limb!And now I'm gone...
My existence stretched too far...
I want this too much...
I want this too much...
So I may...Run, RunBash, Blast across your face
Deep cuts will open new space
As I fight, there's no way around
All the truth, the story never told
As we fight
Will you get us
Inside of the serenityAs we fight
Will you get us
Inside of the serenity...Until next time!
